OBJECTIVE

Customer-focused software developer with strong knowledge in Frontend frameworks and Laravel. I have 4+ years of experience in full stack development, seeking full-time roles.

EDUCATION

Bachelor of Science in Computing, University of Technology, Jamaica 2015 - 2019
Major in Computer Science

SKILLS

Languages	PHP, Javascript, HTML5/CSS3
Frameworks	Laravel, ReactJS, Vue, NextJS, Alpine.js, Strapi, TailwindCSS, Statamic, CraftCMS, Contentful
Databases	MYSQL
Tools	Git, Github, Jira, Figma

EXPERIENCE

Zaengle Mar 2022 - Present
Engineer *Florida, USA*

- Converted figma designs to react, vue, twig, or HTML using Tailwindcss, Alpine.js, or Headlessui
- Created headless content-managed websites with a page builder using Nextjs and Contentful
- Created content-manged websites using Craft CMS and Statamic

Independent Contractor Oct 2021 - Aug 2022
Norus Technologies *Kingston, Jamaica*

- Improve application responsiveness and Optimize functionality in a delivery app for mobile users
- Improve calculations and reporting in a delivery app to remove monotonous tasks from stakeholders
- Assisted in creating the system for registering sponsors and hackers to Miami Hack Week.

Quality Assurance Consultant Oct 2018 - Mar 2022
Quality Works Consulting Group *San Francisco, CA*

- On-board and document processes for new QA persons joining the team to reduce onboarding and transitioning times
- Create test plans and coordinate releases to ensure that we release small, sufficiently tested features regularly
- Automate manual testing suite for the e-commerce portion of one of the largest memorial platforms in the United States (legacy.com) to reduce the amount of time it took to regression test releases
- Train new persons transitioning to software testing in the company's annual boot-camp

PROJECTS

Resting Place Jamaica - Built a system to digitalize the obituaries section of the newspaper using tailwind and laravel. restingplaceja.com

- Convert Figma and AdobeXD designs to HTML and CSS using tailwindcss
- Implement version control using Github
- Implement CI/CD pipelines to deploy changes automatically to AWS Elasticbeanstalk staging and production environment.

Pioneers UK - Converted Figma design to tailwind thepioneers.co.uk
